

## Writing Prompts: Video Production for Kids

Slideshow at [www.videoKids.me](http://www.videoKids.me)

Name:

1. When creating your first videos, what are 2 things Mr. B recommend to make sure your project is successful and your video is great?
  - a.
  
  
  
  
  
  
  
  
  
  
  - b.
  
2. Today, all video cameras sold are HD, though they give you a choice to shoot in SD too. What is the aspect ratio that is used in modern video?
  
3. Good tripods are expensive. We may need to get started without one or with a simple tripod that does not pan/zoom smoothly. How does Mr. B suggest you get started using a tripod?
  
4. What are the three types of microphones commonly used in video production – please list them and *be sure to include a reason why each type is effective.*
  - a.
  
  
  
  
  
  
  
  
  
  
  - b.
  
  
  
  
  
  
  
  
  
  
  - c.

5. Please describe the pick-up pattern for (1). Omnidirectional (2). Bidirectional (3) Cardioid, and (4). Shotgun microphones.
  - a.
  - b.
  - c.
6. Why is sunlight the best light source if used carefully?
7. If you are buying artificial lights, what type of light should you find (HINT: What is the measurement that matches sunlight?)
8. What are the three lights used in 3-Point lighting and what does each of these 3 light do to help you get great video?
  - a.
  - b.
  - c.
9. As you have seen in class, Video Production takes time. It is easier if the project is organization. This helps use produce great videos. Please identify and describe the three steps of video production process we have used in class.

*Continued from #9, Page 2*

a.

b.

c.

10. What is A-roll and B-roll. Please be sure to describe how we use each.

a. A-Roll

b. B-Roll

11. What does writing a script do to help us plan a video (HINT: What do we need to do to create a video that would be exactly X minutes long?)

12. What is a storyboard and how does it differ from a script?
