

## Guided Notes: Copyrights & Creativity

Name:

1. What does "standing on the shoulder of giants" mean?
2. How does being inspired differ from copying?
3. Why were copyrights created?
4. What are the 2 things that copyright balance? (Protecting & sharing)
5. How has technology affected copyrights (we have more ways to copy and can even make perfect copies -- it has sped everything up).
6. Copyright laws change. How do you think that copyright laws should change so that you can be creative and “stand on the shoulder of giants”? (NOTE: This is an opinion question – you earn points by (a). Stating your opinion and (b) Why you believe this)
